PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 269A at Hornbeck, Louisiana.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 269A to Hornbeck, Louisiana as that community's first local FM service. Hornbeck, Louisiana is an incorporated community with its own zip code and a population of 450 people. Hornbeck has its own volunteer fire department, post office, mayor, Clarence Beebe, city offices and a number of local churches. Hornbeck is a community that is certainly deserving of local FM service. The proposed channel 269A will provide additional diversity and an outlet for local self-expression to Hornbeck residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 269A can be allocated to Hornbeck, Louisiana, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates for Channel 269A at Hornbeck,
Louisiana are:

31 20 34 N
93 30 49 W

Should this petition be granted and Channel 269A be
allotted to Hornbeck, Louisiana, Petitioner will apply for
Channel 269A at Hornbeck and after it is authorized, will
promptly construct the new facility.

The factual information provided in this Petition for
Rule Making is correct and true to the best of my
knowledge.

Respectfully submitted,

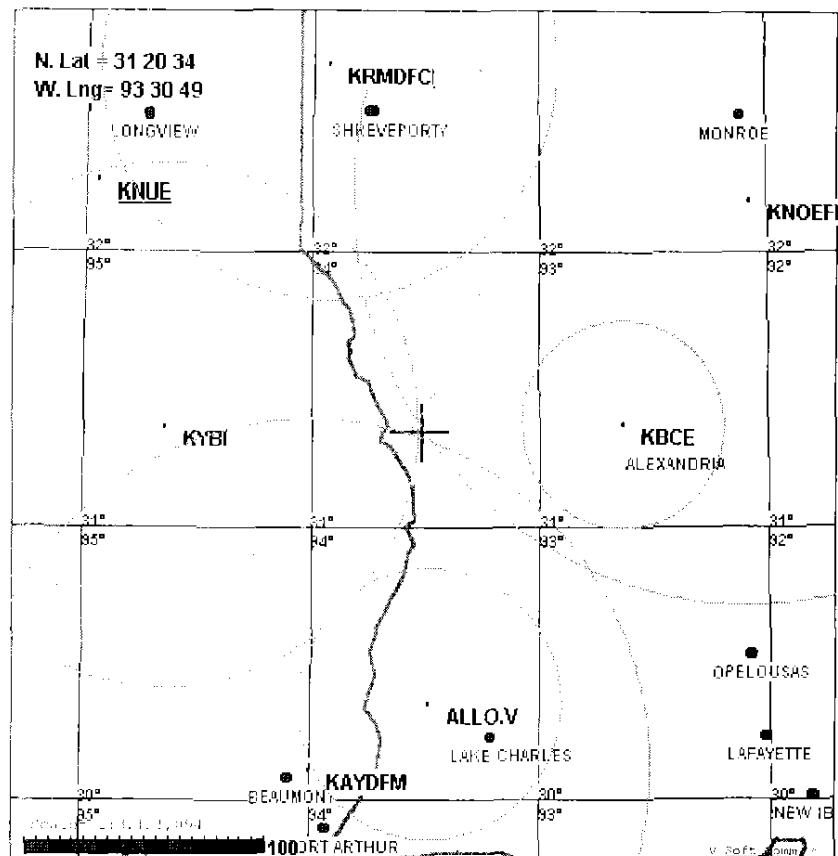

Charles Crawford
